VOLUME 13 | SIX PAGES | MARYVILLE, MISSOURI, WEDNESDAY, AUG. 16, 1922 | SIX PAGES | NO. 63

CALLS FOR A P. M. EXAMINATION HERE

APPLICATION BLANKS AT THE POST OFFICE.

MUST FILL APPLICATION

Rating on Education and Training and Business Fitness Determined by Answers.

An examination to fill the position of postmaster at Maryville will be held on or before September 12, according to a notice received from the United States civil service commission. This examination is not one under the civil service act and rules, but is held under an executive order issued May 10, 1921, revised July 27, 1921.

Application blanks can be secured at the local post office from Eldon W. Irvin, secretary of the local civil service commission. These applications are to be filled out by the applicants and then sent in to the civil service commission at Washington on or before Sept. 12. There will be no assembled examination as is held for third class and fourth class post offices. The application is in nature of a questionnaire and must give a statement as to education, training and experience. An applicant must be 25 years old and not older than 65 years, a citizen of the United States, must be in good physical condition, must actually reside within the delivery of the office, and must have been such resident for at least two years.

A number of Republicans are expected to fill in these applications. Among them are Editor Fred Hull, Harry Lyle, Fred H. French, F. W. Crow. There probably will be others. The dope is that Editor Hull has the inside track for the position.

The salary of the postmaster at Maryville is $2,800. The term of the present postmaster, James Todd, expires September 5.

The rating on the education and training of the candidate for postmaster will be determined from the information furnished on the application. The rating on business experience and fitness will be determined by the character and extent of the business experience of the candidate as shown by his answers to questions of the application. And by a careful investigation of each candidate by the Civil Service Commission.

Candidates will be rated 20 points on education and training and 80 per cent on business experience and fitness.

When these papers have been graded, the commission shall certify the results to the Postmaster General. The appointment of one of the highest three qualified eligibles will then be made.

A TEACHERS MEETING HERE ON SEPT. 1-2

County Teachers Will Discuss Plans for the Coming School Year —Held in School Building

A county teachers meeting will be held Friday and Saturday, September 1 and 2, at the high school building. Every teacher who is going to teach in Nodaway County is required to attend. The purpose of the meeting is to discuss plans for the coming year and also outline a course of study to follow. The program for the meeting will be announced by County Superintendent of Schools Leslie G. Somerville soon.

A county meeting of all of the school boards will be held the latter part of August. The evact date has not been selected as yet by County Superintendent Somerville.

VISITING IN SHENANDOAH.

Mrs. John Hamilton Now Raises Pure Bred Poultry.

From Shenandoah Sentinel-Post.

Mrs. John Hamilton and three children of Maryville, Mo., were callers at this office Saturday morning. Mrs. Hamilton was linotype operator at this office years ago under the name of Miss Anna Anderson when the office had but one linotype machine and two shifts were used.

Some years ago she married Mr. Hamilton, foreman of the Maryville Tribune and they have made their home in Maryville ever since. Mrs. Hamilton is quite an extensive raiser of pure bred poultry, Rose Comb Leghorns, and ships them to all parts of the United States and Canada. She says that she and her husband and family plan to go on a farm another year.

M. U. DAIRY SPECIALIST BEGINS WORK HERE TODAY

Accompanied by County Farm Agent Kinnaird, Dairy Work is Started at Harmony.

E. M. Harmon, dairy specialist from the agriculture Extension division of the University of Missouri arrived this morning to begin his two days work in dairy promotion in Nodaway county. He and Mr. Kinnaird left for Harmony this morning to begin the work.

Mr. Harmon was at Bethany yesterday attending the dairymen's reunion at that place and will go from here to Sedalia where he will have charge of the Dairy Exhibit, conducted by the University of Missouri at the State Fair.

COUNTRY CLUB TO BUY GROUNDS

BOARD AUTHORIZED TO PURCHASE PRESENT GROUNDS.

AMENDMENTS CHANGED

Special Meeting of Club Members Held Yesterday Afternoon—Price Set Is $24,000.

The board of directors of the Maryville country club was authorized to purchase the grounds which are now being used for the country club by a special call meeting of the foundation members of the club which was held yesterday afternoon. The tract contains eighty acres and the price agreed on was $300 an acre.

The rest of the meeting was taken up with amending the charter and by-laws of the club. The membership drive which recently brought the membership up to the 200 mark made it necessary to change the by-laws which originally limited the membership to 100.

Notices of special call meetings, according to the changes in the charter yesterday, must be posted three days prior to the meetings instead of a week as the old laws provided.

Non-resident membership in Nodaway county was eliminated by action taken yesterday. Non-resident members in the county now are required to have a foundation membership. Originally there were three classes of membership; Foundation membership, Non-resident membership within Nodaway county and Non-resident membership outside of Nodaway county.

An amendment passed yesterday provided that upon the death of a member of the country club, that membership could be transferred to immediate members of the deceased persons family without a transfer fee.

Aticle ten and eleven were stricken out of the laws. These two articles dealt with privileges of the families of members and guests privileges. Rules governing these privileges will be left to a committee which will be drawn up by one of the five standing committees of the club.

WAIVES PRELIMINARY

Virgil Gray and Martha Hewitt Bound Over to September Term.

Virgil Gray and Martha Hewitt on a charge of receiving stolen property waived their preliminary hearing this morning and were bound over to the September term of circut court. Bail was furnished for their appearance at that time. The charge grows from the discovery of the Buick automobile stolen from S. C. Ramsey of Hopkins at Bedford Fair in the barn at the Gray place.

LOCAL ODD FELLOWS ATTEND CLEARMONT INTALLATION.

Frank Orcutt, Harry King and Marion Smith of the local lodge of I. O. O. F. went to Clearmont last night where they assisted in the installation of the officers of the Clearmont lodge. J. W. Smith was installed as Noble Grand and W. T. Humphrey as Vice Grand. After the installation services refreshments were served by the lodge. On Next Tuesday night Harry Collins of Lamar, state instructor of the grand lodge will be in Clearmont.

Here From Camp Travis.

Joe Hackett, a member of the second division band stationed at Camp Travis, Texas is visiting at the home of his wife's sister, Mrs. George E. Brown and family west of town. Hackett plans to return to Camp Travis the latter part of the week.

BIG I. O. O. F. MEET HERE ON SEPT. 8

BETWEEN 1,000 AND 1,500 EXPECTED IN MARYVILLE.

BIG PARADE PLANNED

The Occasion Is Semi-Annual Convention of Northwest Missouri Odd Fellows and Rebekah Ass'n.

On Friday, September 8, Maryville will be host to the Northwest Missouri Odd Fellows and Rebekahs Association for their semi-annual convention. This association includes all the lodges in about 25 counties in Northwest Missouri and from 1,000 to 1,500 members are expected to be in Maryville on that day. The last meeting was held in April at Pattonsburg. Elaborate plans are being made by the local lodge of Odd Fellows for the program and entertainment of the visitors on that day. New officers for the association will be elected at this time and installed.

The tentative program for the day is as follows:

10 a. m.—Meeting at Odd Fellows hall with address of welcome by Mayor Fred P. Robinson and response by lodge representative.

11 a. m.—Opening of business meeting. Rebekahs to adjourn to W. O. W. hall for their sessions.

12 Noon—Dinner at Christian church served by Ladies Aid Society.

2 p. m.—Public program at Christian church which will include orchestra and quartet music and addresses by Ed Bird of Kansas City and Rev. Tenny of Coffee, Mo.

3:30 p. m.—Grand parade on Main street after which the Odd Fellows and Rebekahs will adjourn to respective halls for business meetings.

6 p. m.—Supper served to visitors at Christian church.

8 p. m.—Installation of officers and degree work by the initiatory team and first degree team of St. Joseph. After the degree work talks will be made by the Grand Chief Patriarch of the Encampment, T. H. Lampton, of Hamilton, Mo., and Chief Scribe W. F. Maring of Carthage. This convention of Odd Fellows was held in Maryville about twelve years ago.

HAWAII HAS BIG CROP OF SUGAR THIS YEAR

Present indications point to a bigger Crop of Raw Sugar than last year.

Honolulu, Aug. 16.—Hawaii's sugar business gives every promise of experiencing a very prosperous year, despite the pessimistic predictions which were freely made earlier in the year.

Word to this effect comes from practically all of the Hawaiian plantations, where growing conditions are reported as having been so good during the spring and early summer that the cane is now in excellent condition.

It is now expected that the 1922 crop will run considerably over the estimated amount, which was about 500,000 tons of raw sugar. The 1923 crop will probably be even better it is thought.

REED'S PLURALITY IS 5,942.

Official Tabulation Shows Brewster Won by 21,878.

Jefferson City, Aug. 16. — Senator Long for the Democratic nomination Long fo rthe Democratic nomination for United States senator was 5,942. R. R. Brewster, the Republican nominee, had a plurality of 21,878 over William Sacks, his nearest rival in a field of seven candidates.

This was revealed last night by the official tabulation of the vote by Charles U. Becker, secretary of state. The vote:

Brewster	89,528
Long	190,013
Young	9,979
Reed	195,955
Proctor	28,675
McKinley	32,124
Barrett	39,542
Parker	9,794
Sacks	67,650

Appointed Administrator

John L. Collins of Graham has been appointed administrator of the estate of Edith A. Collins, who died June 27, 1922.

Mr. and Mrs. Will Edwards and the latter's sister, Mrs. Oliver of St. Joseph, returned home today from a few days' motor trip to South Dakota. They also visited in Westfield, Sioux City and Council Bluffs, Ia.

DE MOLAY DRILL TEAM LEAVES TONIGHT FOR ST. LOUIS

Local DeMolays to Attend State Conclave the Last Three Days of This Week.

About thirty members of the local order of DeMolays will leave tonight for St. Louis to attend the annual DeMolay conclave which will be held there Thursday, Friday and Saturday of this week. The patrol team of the local order is being taken and the boys are expectant of winning honors in the drill contest. Four of the boys left this morning and will meet the delegation at Chillicothe tonight. H. D. Snyder and Marve Peery will accompany the DeMolays.

COAL SHORTAGE THIS WINTER

WAS THE OPINION OF GOVERNMENT OFFICIALS TODAY.

OHIO MINES ARE OPENED

Illinois Field Will Be Opened Following Conference to be Held Friday.

Washington, Aug. 16.—A coal shortage without parallel in this country's history will be witnessed this winter was the opinion of government authorities here today despite the settlement of strike that was effected yesterday in Cleveland. They agree that future production will not be sufficient to provide for the fuel needs of the industries and for home consumption A system of coal rationing has been suggested.

Cleveland, Aug. 16.—Coal was cut in the deep bituminous mines in Ohio today for the first time in twenty weeks following the signing of the new agreement yesterday of the miners and coal operators. The only production during the strike was from the open pits. Operators representing an output of about sixty million tons signed the agreement today. This represents about ten per cent of the total output of bituminous coal. Other operators upon signing will resume operations in their mines.

Washington, Aug. 16.—Secretary of Labor, James J. Davis, was informed today that the Illinois and Indiana coal operators had not as yet signed the Cleveland agreement but was expected to be so Friday.

Chicago, Aug. 16—It is predicted today that tentative settlements in the Illinois fields to reopen the mines will follow the agreement of yesterday between the miners and operators. Although John L. Lewis, national head of the miners opposes separate agreement, Illinois operators and miners will meet here Friday and it is believed that an agreement will be reached. President Farrington of the Illinois miners, who favors a separate agreement, says that he believes that one will be made.

West Frankfort, Ill., Aug 16.—One of the largest coal operators of Illinois today signified his willingness to sign the terms agreed upon at Cleveland yesterday and it will immediately open eight large coal mines in this section of the state.

Operators and miners in this section were generally pleased with the agreement affected at Cleveland and want supplemental agreement for Illinois.

Stephens Leading in Mississippi.

New Orleans, Aug. 16.—Unofficial and practically complete returns in the senatorial primary from approximately eight hundred out of a total of sixteen hundred precincts in Mississippi, according to figures compiled by the Times-Picayune last night, gave Stephens, 34,670; Vardaman, 30,905; Kearney, 10,314.

Married by Judge Johnson.

A marriage license was issued this afternoon to Ferril Guy Thompson and Miss Eva Elane Irwin, both of Malvern, Iowa. The couple was married by Judge W. L. Johnson.

Miss Mildred Irwin and Steve Haines accompanied the couple and were witnesses to the wedding. They drove from Malvern this morning and returned this afternoon. Mr. Thompson formerly lived at Bedison, having moved to Malvern two years ago. He is now employed in the office of the National Refining Co.

STILL FOUND ON TUDDER FARM

ALSO MASH DISCOVERED IN CORNFIELD NEAR ELMO.

NO ARRESTS WERE MADE

Still Brought to Maryville and Was on Exhibition at the Sheriff's Office.

A still of 30 gallons capacity and two fifty gallon barrels of mash were taken by Prosecuting Attorney Charles F. McCaffrey, Sheriff Steve A. Roach and Deputy Sheriff Leo Atherton last night from the farm of Ol Tudder, located near Elmo. The authorities received word last evening about 9 o'clock that the still was on his farm and they left at once for the place.

The still and the mash were found in a corn field on the Tudder place. The Tudder farm is located near the Bill McMichael place the officers say. A beaten path to the still was discovered by the officers. No arrests have been made. The mash was said to be one barrel of rye mash and one barrel of wheat mash. The still was on a gasoline stove.

The still was brought to Maryville and was at the Sheriff's office today. The officers did not return from Elmo until 12:30 o'clock last night.

The authorities state so far as known Mr. Tudder has no connection with it. Bill McMicheal who lives near the Tudder farm pleaded guilty at the last September term to a charge of unlawful possession of intoxicating liquor and was fined $100. The other charge at that time against McMicheal of unlawful possession of a still was dismissed by the prosecuting attorney at that term.

MRS. W. A. BURRIS SERIOUSLY ILL IN OMAHA HOSPITAL

She Underwent Emergency Operation for Appendicitis Monday Night—Was Visiting Son and Daughter.

Mrs. W. A. Burris who underwent an emergency operation for appendicitis at Omaha Monday is reported to be in a serious condition today. Mrs. Burris left for Omaha Saturday night to visit her daughter and son, Russell and Helen who live in Omaha. She took suddenly ill and was removed to the hospital Monday and an immediate operation was found to be necessary. Mr. Burris and daughter Virginia, and Mrs. Robert Gex left for Omaha yesterday.

SUES FOR DIVORCE

Gwendolyn Thompson Brings Action Against B. E. Thompson

A suit for a divorce was filed by Gwendolyn Thompson against Bryan E. Thompson in the circuit clerk's office. The petition states they were married on November 18, 1915, at Omaha and lived together until July 27, 1922. Grounds for the divorce are alleged in the petition to be a violent temper, striking the plaintiff, failing to provide for the plaintiff and minor child, and failing and refusing to take plaintiff and minor child at reasonable times to church, Sunday School or other places of entertainment. Care and custody of a five-year old child is asked for.

HEADON COLLISON ON FRISCO AT HORINE, MO.—2 INJURED

St. Louis, Aug. 16—Two persons were seriously injured and two engines and two mail cars badly damaged in a headon collision by two Frisco passenger trains at Horine, Mo., according to reports here. The engineer of one train and fireman of the other were injured. The engineer apparently misunderstood orders that a train was ahead.

RUSSIA NOW WILLING TO PAY U. S. ITS WAR DEBTS

Moscow, Aug. 16.—Commissioner of Foreign affairs Karachen today announced that Soviet Russia is ready to pay the debts owed by Russia to the United States. He said that Russia wished to enter into relations with the United States.

Oklahoma Visitors to Hopkins.

Miss Belle Cook of El Reno, Okla., and George Cook of Cushing, Okla., who are visiting their sisters, Mrs. Robert Heflin and Mrs. Anna Stauble at 518 East First street, motored to Hopkins this morning to spend the day with their aunt, Mrs. Jane Broyles and their cousins, Mr. and Mrs. Willis Oxley. Mrs. Heflin and Mrs. Stauble accompanied their guests to Hopkins.

COAL COMMISSION WAS APPOINTED FOR COUNTY

Dispatch From Jefferson City Gives Members But No Official Word Received by Them.

According to a dispatch from Jefferson City, A. C. McGinty of Clearmont and E. E. Williams and James B. Robinson of Maryville have been appointed members of the Nodaway County coal distribution committee by Governor Hyde. Neither Mr. Williams nor Mr. Robinson have received any official notice of their appointment up to today.

It is understood the committee has been instructed to make a survey of the coal on hand in this county, and ascertain the amount of coal needed during the next sixty days. It will pass on all applications for coal. It is understood that all industries have been asked to state the amount of coal they are using now and the amount necessary for the next sixty days. This information is forwarded to the state coal distribution committee.

COUNTY IS NEAR $90,000 IN DEBT

OUTSTANDING WARRANTS OF BRIDGE FUND $80,855.24.

ALL FUNDS ARE SHORT

Semi-Annual Settlement of County Treasurer Shows County in Bad Shape Financially.

Nodaway County seems to be anything but prosperous judging by the report of the settlement made by the county treasurer, Mrs. Edith Glenn to the county court, August 1. A check up of the more important funds show the county in the red to the amount of $89,857.09. Economists say that for a nation it is a sign of healthy conditions to be in debt. If this be applicable to county affairs Nodaway County is booming.

The big bulk of this debt is the outstanding warrants against the bridge fund which amounts to $80,855.24. The heavy rains and flood of last month will make this amount even larger. County clerk, Fred Smith, says that this fund has been overdrawn for several years. In 1915 it went in to the extent of about $30,000 due to the heavy flood during the summer of that year. He says that the shortage will continue to get larger as long as the county has to build bridges and the county fails to pay more taxes. The county taxation is 20c on the $100 valuation and the bridge fund usually gets what is left after other apportionments are made. It is usually 10c or less. This year the County will pay about $10,000 for tubercular cattle in the county. For all such herds that are found in the county and national government pays one-half, the state one-fourth and county one-fourth to reimburse the owner.

The pauper fund shows a bill of $5,000 against it. This is for the care on the county insane at the state hospital at St. Joseph. Each county patient cost $216 a year exclusive of his clothing. Nodaway County has about forty-five patients there which will cost about $10,000 this year.

The following is the condition of funds as shown by the county treasurer's report:

Salary fund, overdrawn $67.05.

Pauper fund, on hand, $2,257.85, bill against pauper fund for care of county insane at St. Joseph, $5,000.

Contingent fund, on hand, $42.55, outstanding warrants, $8,798.43.

Jury fund, on hand, $49.34, outstanding warrants, $393.90.

Bridge fund cash on hand $2,907.79. outstanding warrants, $80,855.24.

Interest apportioned on public school fund $5,146.87.

Interest apportioned from fines and forfeiture, $1,542.61.

Total amount schools will get from common school fund of county this year, $6,659.48.

Census Figures Show many Junior Former Clubs

Washington, Aug. 16.—Boys and girls in the United States to the number of 136,441 were enrolled in agricultural extension clubs in 1921 for training in various phases of live-stock work, the Department of Agriculture announced recently.

These junior farmers owned 6,148 head of farm animals and 54,286 fowls, representing a total value of $3,605,176.

UNIONS HAVE PLAN TO ADJUST STRIKE

WILL BE PRESENTED TO RAILWAY EXECUTIVES TOMORROW.

PRESIDENT TO CONGRESS

Industrial Crisis Will be Laid Before Congress Tomorrow in a Message.

Washington, Aug. 16—Plan for adjustment of the railroad strike is understood to have been worked out at lengthy conference today between heads of the sixteen standard railroad unions. The plan will be taken this afternoon to New York City by the big four brotherhood chiefs and presented to the railway executives tomorrow at a joint conference.

Hopes for a settlement of the railroad strike by mutual agreement between the rail executives and strikers are running high today as President Harding began preparation of his message to Congress dealing with the industrial situation. Officials of the "Big Four" brotherhoods will meet the rail executives in New York tomorrow at the same time the President addresses Congress upon the situation.

Washington, Aug. 16.—Official announcement was made today that President Harding would lay the industrial crisis before Congress. He is preparing his message today and will go before Congress with it tomorrow.

Announcement to this effect was followed by a renewal of efforts on the part of train service brotherhoods to end the shopmen's strike by mediation.

President Harding is expected to outline the situation and to suggest that steps be taken declaring the government through in attempts to effect peace, but affirming the intentions that troop protection will be given railroads able to maintain service. He is also expected to suggest federal receivership for railroads unable to operate.

ONE TOURIST WOULD ENJOY OUR ROASTING EARS

Dallas, Texas Man Makes Suggestion to C. of C. for Improvement in Tourist Park.

"This park is nearly ideal, the only suggestion I can think of would be for the Chamber of Commerce to hang a sign on the west fence, 'Tourists help yourselves to the roasting ears.' This was the comment made by Chas. W. Belshaw who with Geo. R. Fairbarin of Dallas, Texas passed through here yesterday enroute to Duluth, Minn. He was refering to the field of corn west of the park planted by the experimental agricultural department of the college.

Other tourists who have registered at the park since Sunday are: John Rex Jacoby and Snider, Morris and Jennie Jacoby of Darlington, Mo.; Cecil Groom, Elsie Groom, Maude James and E. C. James of Darlington; Bill Hisel, Thlithe Hisel and Gertie Davis of Hayes Center, Nebr; Rev. J. H. Carlson and wife and children, Windell and Corinne of Essex, Iowa, en route to Kansas City. They commented by saying, "Beautiful park and college." Miles Clapp and family of Albia, Ia., on their way home from St. Joseph; Geo. Cook of Cushing, Okla., and Mr. and Mrs. Joseph Hachey, ex-band leader, 354th Infantry, 89th Division, Camp Travis, Texas.

LARGEST CIRCULATION IN NODAWAY COUNTY

MUCH ELECTRICITY NOW USED IN THE COUNTY

Many Individual Power Plants Used in Addition to Light Company's Current

The nine room home of T. C. Young near Parnell, has just been wired for electricity by the Holt Supply company who installed a Delco generator and storage battery to furnish the electricity for power and light in Mr. Young's home, garage, barn and wash house. The work was just completed yesterday.

Five of these generators and electric power pumps have been sold in Nodaway County within the past three weeks. The work of wiring and installing for these has not been completed yet. William Meyers, Burlington Junction, and the Hanamo Telephone company have both bought generators and Richard Stalling and James Aldridge, both of Barnard have bought a generator and electric automatic pump. At high pressure the pumps are automatically shut off and at low pressure they start pumping again.

Besides the blanket of electricity which the Maryville Light and Power Co., places over Nodaway County, these individual generators are becoming quite popular in this county. There are approximately thirty of these plants besides those which have been sold this season. They have proven quite popular and useful, especially in the rural sections. John Holtman of Conception has a plant which he has used for seven years with satisfaction.

HARVE ENGLAND GROWS NICE GRAPES THIS YEAR.

The Democrat-Forum this morning was the recipient of a basket of nice large Moore's Early grapes which were grown by Harve England. Mr. England says that this is an unusually good year for grapes; that they are well developed, large and juicy and a big yield. He expects to have between two and three thousand pounds of these Moore's Early grapes. Mr. England wouldn't divulge the exact location of his vineyard nor would he say how much grape wine he was going to make.

Visitors at Cunningham Home.

Mr. and Mrs. Joseph Vickers of Long Beach, Cal., arrived in Maryville Monday noon for a visit at the home of the former's sister, Mrs. Abe Cunningham, and Mr. Cunningham, 1012 East First Street. Mr. and Mrs. Cunningham are also expecting the latter's sister, Mrs. T. M. O'Neal, and daughters, Jessie and Hallie, of Washington, D. C., soon for a visit. After the visit in Maryville Mr. and Mrs. Vickers will go to Quincy, Ill., to visit relatives and on the way home they will stop in Denver, Pendleton, Ore., and San Francisco for visits.

Kinnaird Inspects Chickens.

Roy A. Kinnaird, county farm agent, visited the farm of Samuel DaVault, near Elmo yesterday and advised with him concerning his flock of chickens. Mr. Kinnaird spent the rest of the day visiting farms in the neighborhood of Elmo and Burlington Junction.

Daughter at Morton Home.

Mr. and Mrs. Dell Morton announce the birth of a daughter this morning at their home near Orrsburg.

WRITES ABOUT ROAD CONDITIONS

CITY EDITOR DEMOCRAT-FORUM; NEAR JEFFERSON CITY.

DRAG NOT USED MUCH

Found Fine Hard Surface South of St. Joseph and Kansas City and Near Sedalia.

Marvin H. Crawford, city editor of the Democrat-Forum, who is visiting his parents, Mr. and Mrs. J. H. Crawford, at California, Mo., twenty-five miles west of Jefferson City, writes the following regarding the roads from St. Joseph to Kansas City and from Kansas City to California.

One of the things that impressed me as I came along was that people who live along the highways I traveled do not know much about the road drag. Or if they do they don't put this knowledge into practice. I saw few places this side of St. Joseph where I thought the drag had been used for several weeks. In some places I am sure that it had not been used this year at all.

I left Maryville expecting to get advice in St. Joseph as to what trail to take to Kansas City. But when I got to the automobile information bureau in St. Joseph I found a card on the door which said "closed. Get information at service station or Elks Club." The Elks had a stack of maps and the service stations were indefinite as to the best way. So I decided I'd try the Jefferson Highway, which is the shortest route.

From St. Joseph to Faucett, a distance of fifteen miles, the road is concrete and as good as I have driven on.

At Faucett and from there east and south for a distance of seven miles they are grading to extend the pavement and one must detour. The detour is little if any farther, but it is rough.

From the end of this detour on in to North Kansas City, one can strike most any kind of road he can think of. It's rough and smooth and hilly and level all by stretches. There is some good road near Edgerton and for six miles north of Nashau is a fine hard surface. From Nashau to North Kansas City is about the worst I struck.

From Kansas here, a distance of about 160 miles. I followed the Capital Highway which leads to Jefferson City. From Kansas City to Lee's Summit, twenty-five miles, is a fine hard surface, and there are twelve or fifteen miles of hard surface at Sedalia. The rest of the road thus far is good—places and in places bad with one unusually bad stretch of about eight miles just east of Otterville.

The monotony of driving was broken by an occasional incident. I had to watch closely in towns to follow the markers.

I found seven negroes by the side of the road near Lone Jack with a broken down 5-passenger car. Two of them were so anxious to get back to Warrensburg that they stopped me with my roadster. I brought the two on in for a consideration, paid in advance.

One man stopped me on a big hill to know if I had seen a broken down Dodge car.

Visiting at Gwinn Home.

Mrs. Hiram Bloom of Los Angeles, Cal., is visiting at the home of Mrs. Matt Gwinn near Bedison. Mrs. Bloom will also visit in Maryville with Mr. and Mrs. C. D. Bellows and Miss Nellie Douglas.

Miss Orcutt to California.

Miss Alice Orcutt, who has been spending the summer with her parents, Mr. and Mrs. Frank E. Orcutt, will leave tomorrow afternoon for Oakland, Cal., to begin her third year as teacher in the Oakland schools.

Miss Helen Bickett left this morning for a visit with her sister Mrs. Homer Dragoo at Grant City.

NODAWAY COUNTY DOING GOOD PUBLIC HEALTH WORK

Dr. Mountain of State Health Board Says It Is the Best in the State.

Nodaway County is doing the best work in public health of any county in the state, according to Dr. Joseph W. Mountain, assistant director of rural sanitation for the State Board of Health, who has spent the past two days visiting the Nodaway County Health Department.

Dr. Mountain went with Dr. Claude P. Fryer, county health officer and Miss Margaret Scully and Mrs. Grace Bean, county health nurse and Miss Ethel Ray to Graham Monday, where they conducted a health clinic. He and Dr. Fryer spent yesterday working in the county and visiting the various phases of health work which is being done.

Dr. Mountain was well pleased with the work and placed it as first in the state because of the fact that they are working out so many new phases of work which show initiative. He says that the department here shows that they understand the work from first hand experience.

Dr. Mountain left last night for Bolivar.

Frank Cummins on Vacation Visit.

Frank Cummins of the Montgomery and Cummins Clothing store left today for a vacation visit in Des Moines, Ia., at the home of Mrs. Cummins' parents, Mr. and Mrs. J. Muelhaupt. Mrs. Cummins and little son, Billy, have been visiting at the Muelhaupt home for more than a week.

Grier Case Continued.

The case of Charles Grier, who was charged with disturbing the peace, which was to have been tried in police court this morning, was continued until August 25.

FOR THE VACATION OUTING OR PICNIC

We have a great many things that are needed for the outing or auto trip, such as knives, hand axes, camp cook stoves, flash lights, auto tools, camp cooking utensils, guns and ammunition, rods and fishing tackle.

These are all of the most dependable manufacture and will give the greatest service.

Something new – Long handled cycles for easy weed cutting.

Mrs. Orear Home.

Mrs. E. G. Orear returned Monday night from Kansas City where she had been visiting her mother, Mrs. M. A. Ummethun, for a month.

How Petroleum Helps Fill the Nation's Bread-basket

FEW of those who consume farm products realize the extent to which the price of such commodities is affected by automotive machinery.

The fact that the cost of field work is reduced by the use of tractors is well known. The fact that the farmer's time is conserved by the use of automobiles is a matter of common knowledge.

Now comes the National Automobile Association in its Year Book of 1922 with the statement that the cost of hauling products in horse-driven wagons from the farm to shipping points averages 30c per ton mile for wheat and 35c for corn, while over the same roads the cost of hauling by motor truck is only 15c per ton mile.

That the intelligent farmer in the 10 states served by the Standard Oil Company (Indiana) realizes the efficiency of power transportation is shown by the fact that he owns and operates 1,112,203 automobiles and 46,582 motor trucks. These are distributed as follows:

	Motor Cars On Farms	Motor Trucks On Farms
Indiana	102,122	3,671
Illinois	139,090	6,154
Michigan	82,437	4,886
Wisconsin	98,825	4,044
Minnesota	107,824	3,803
Iowa	177,558	9,910
Missouri	86,229	5,059
North Dakota	47,711	774
South Dakota	58,352	4,353
Kansas	111,052	3,928

These cars and trucks can be operated on the same basis as similar equipment in towns and cities because the Standard Oil Company, (Indiana) through its vast distribution system delivers its products into the farmer's storage tank under the same conditions as to the city dweller having similar equipment.

In thus rendering a service to the farmer this Company renders a service to every individual who consumes farm products.

Social Affairs and Clubs

Meeting Postponed.

The meeting of the Rockford Community Club, which was announced for Friday afternoon at the home of Mrs. J. R. Evans, has been postponed to Thursday afternoon, August 24, because of the illness of Mrs. Evans' mother, Mrs. J. S. Miller, 522 South Mulberry Street.

Dinner Party.

Mr. and Mrs. W. J. Wilson entertained at 6 o'clock dinner last night in honor of their house guests, Mr. and Mrs. Thomas Wilson and Billy Kile of Kansas City. Plates were laid for Mr. and Mrs. Thomas Wilson, Mrs. Fred Bradley of Roskoe, S. D., Miss Mildred Kienzel, Mrs. Billy Kile and the hosts.

For New Mexico Guest.

Mrs. N. C. Case has sent out invitations for a bridge party Friday night at her home on South Main Street, in honor of her mother, Mrs. Harry Booth of Mogollon, New Mexico, who has been a guest at the Case home since the first of the month. Mrs. Booth will leave Maryville the latter part of the month for Paris, Ill., where she will visit her mother, and from there she will go to Indianapolis, Ind., for a visit with her cousin, Booth Tarkington, the famous American author.

Ford Dinner Guests.

Mr. and Mrs. J. D. Ford entertained with a 12 o'clock dinner Tuesday at their home at 611 North Buchanan Street, in compliment to Mrs. Ford's sister, Mrs. Will Hogan, Mr. Hogan and their grandson, Jesse Franklin Hogan, of Mobile, Ala., and Prof. and Mrs. Bert Hogan and baby daughter, Theodosia, of Columbia. Additional guests were Mr. and Mrs. W. C. Hogan and Mr. and Mrs. Halley Ford.

Sunday Dinner Guests.

Mr. and Mrs. L. C. Eckles had as Sunday dinner guests at their home, 604 South Fillmore Street, Mrs. S. J. Willard, Miss Leona Willard, Miss Margaret Lee Winston, Mrs. Emma Eckles and Miss Wilma Huntsman of Maitland. Afternoon guests at the Eckles home were Mr. and Mrs. Clement Daugherty and daughter, and W. H. Huntsman and children, living south of Maitland. Mr. Huntsman and children wer accompanied home by his daughter, Miss Wilma Huntsman, who had been visiting her grandmother, Mrs. Eckles, for a week and attending chautauqua.

Celebrate Twin Sons' Birthday.

In celebration of the sixth birthday of her twin sons, Frederick and Wallace, Mrs. T. J. Eagle entertained a number of children yesterday afternoon at her home, 1122 North Mulberry Street. Mrs. Emmett Scott, Mrs. Karl Zimmerman and Mrs. W. J. Blowers of Galesburg, Ill., who is a guest at the Eagle home, assisted the hostess. Outdoor games and folk dancing were enjoyed and a feature of the refreshments was two large birthday cakes holding six pink candles. The guest list included Clara Lippman, Charlotte Louise Smith Barbara Bellows, Eudora Smith, Elner and Arminda McConkey, Paul and William Person, Mary Alice Arnett, Bessie Stephenson, Donald, Larue and Helene Robey, Harlan Farr, Elizabeth and Gladys Bartram, Mary Jane, Evangeline and Paul Foster Scott, Martha and Henry Zimmerman, Erman and Elbert Barrett, Robert Jas. Sawyers, Samuel, Annie and Mary Hart of Burlington Junction, William Blowers of Galesburg, Ill., a cousin of the little honor guests, Mr. and Mrs. Hart of Burlington Junction, and Thomas Eagle.

Newlyweds Arrive Home.

Mr. and Mrs. Christian D. Kutschinski, who were married Monday night at the home of the bride's parents, Mr. and Mrs. E. R. Clark, in Claremore, Okla., arrived in Maryville last night. They will be at home for the winter with G. Matter and daughter, Miss Ruth Matter, at 121 South Mulberry Street. Miss Matter, who was a guest at the wedding, also returned home last night.

Entertained at Dinner.

Mr. and Mrs. Leroy Nigh entertained Sunday at their home near Gaynor, in honor of Mr. and Mrs. W. B. Doty and son, Leroy, who motored from St. Joseph to spend the day. Ice cream and cake were served in the afternoon. Besides the honor guests those present were: Mr. and Mrs. L. A. Nigh, Mrs. Ida Dawson, Mrs. Crawford, Ralph Crawford, Geo. Drake, Mr. and Mrs. Delmer New, Mr. and Mrs. C. H. Otto and twin sons, Ray and Roy, Lora Nigh, Angeline New, Gretchen Nigh, Christene and Lorene Otto, Willis Dawson, Orren Nigh, Oden Otto and Keith Nigh and the hosts.

Picnic for Miss Gibbs.

A picnic supper was given Tuesday evening at the Tourist Park in honor of Miss Eileen Gibbs of Tarkio, who has been spending a few days with Mr. and Mrs. H. E. Miles. The party included, in addition to Miss Gibbs, Mr. and Mrs. Miles, Dr. and Mrs. H. R. Juvenal, Miss Ella Farrell, Miss Margaret Lee Winston, Merle Selecman, and Tom Farrell Miss Gibbs returned to Tarkio this morning.

Guests at Hall Home.

Misses Crystal and Nellie Hall entertained at dinner yesterday noon at the home of their parents, Mr. and Mrs. B. C. Hall, in Wilcox. Those present were Miss Mildred Thompson, Miss Mabel Craig of Maryville, Miss Reah Shell, Pauline Hall and Don and Lester Hall. Miss Craig spent yesterday in Wilcox as the guest of Pauline Hall.

Social at St. Mary's Church.

Approximately 125 persons attended the social which was given last night by the young women of St. Mary's Church in the parrish hall. Mrs. Fred Jamison won the prize for the women in the progressive games, and the men's prize was awarded Ralph Lahr. Over $46 was cleared at the social.

MISSOURI NOW FACING SERIOUS FUEL CRISIS

Industries and Homes of State Are Facing a Coal Famine.

Jefferson City, Aug. 16. — For the first time in its history during hot weather months, when the demand for fuel is at the minimum, Missouri is facing a famine for coal supplies.

There is plenty of wood in the state, but the industries and most of the homes in the cities are not prepared to use it even if supplies could readily be obtained. Since the appointment a few days ago by Governor Hyde of a coal commission to co-operate with the federal authorities and obtain the state a fair share of coal, the distress of various sections is becoming known in official way. There is not a city in the state, unless it is situated so close to coal mines that are being operated as to get its supplies through local transportation, that is not down to almost "the last shovel of coal."

The Missouri commission has adopted all the rules of the federal authorities regarding shipments of coal to the railroads, utilities, manufacturers of foodstuffs, etc., and there is no difficulty in getting those who want coal to put up the necessary guarantees to obtain orders for prior shipments when they belong in the classes so favored.

The whole trouble is to get the fuel at any price within the bounds of reason and the exegencies of the occasion and get it delivered where it is needed.

Today the commission received information that the strike on the Louisville & Nashville railroad has cut off supplies for Missouri from Kentucky.

A warning was issued by the commission to all industries east of Sedalia to adopt every method of conservation possible, and wherever possible, to use wood or oil as fuel.

Last week the western part of the state furnished barely 75 cars of coal.

CHURCH ON WHEELS GOES TO ISOLATED REGIONS

Worshipers Who Can't Attend Services Have Chapel Car Brought to Them

Chicago, Aug. 16.—A church on wheels—that is the latest religious innovation in this part of the country.

It is on exhibition at Wilmette, a suburb of Chicago. It is one of the three chapel cars of the Catholic Church Extension Society, of which the Right Rev. Mgr. Francis C. Kelley, of Chicago, is president.

Daily hundreds of Catholics and others visit the "church on wheels" and attend services.

The car, named the "St. Paul," is a combined church and rectory. Seating and kneeling accommodations are provided for fifty-four people; it has a permanent altar, a confessional, a library, a kitchen and quarters for the missionaries and attendants.

The Rev. E. J. McGuinness, LL.D., is in charge of the car. It will remain at its present location for a week or two and will then be taken on a tour of the East to demonstrate to Eastern Catholics the work that has been done elsewhere. The "church-on wheels" has had four years of continuous service in Texas and Louisiana, carrying the ministrations of the church to Catholics isolated in some cases hundreds of miles from a Catholic church.

Thousands of Catholics, who had been unable to hear mass in years, have been located by the three chapel cars now in operation. The other two are known as the "St. Anthony" and the "St. Peter." All are under the supervision of the Extension Society.

Almost limitless territory still awaits the visit of chapel car missionaries.

IRISH PATRIOT GIVEN BIG FUNERAL PROCESSION IN DUBLIN

Dublin, Aug. 16.—Arthur Griffith, Irish patriot, was buried today in Glasneven. Witnesses state that it was the biggest and most impressive funeral procession that has been seen in Dublin since the death of Parnell, another famed patriot.

LEFT EYE OF MRS. MILLER REMOVED AT HOSPITAL.

Mrs. J. S. Miller, 522 South Mulberry street, who has been suffering with glaucoma in her left eye, underwent an operation yesterday morning at St. Francis hospital when the eye was removed. Her condition today was satisfactory.

FISK CORD TIRES

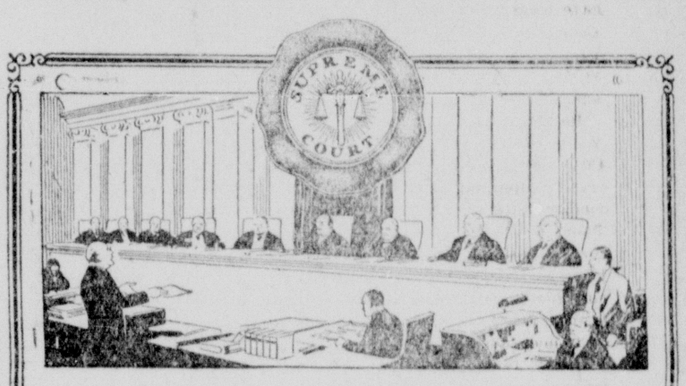
Time to Re-tire? (Buy Fisk)

TO find the best, compare any tire you know with a Fisk Cord.

You will see that the Fisk is better because it is bigger, stronger, livelier, safer, better-looking.

The new low prices are the lowest at which real Cord quality has ever been offered.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon



AN AUTHORITY THAT NO ONE EVER DISPUTES

There is at Washington one division of the government that is ever free from criticism as to its motives, even when its decisions are unpopular.

The head of the judicial branch of government—the Supreme Court—has had from its organization the reputation of being absolutely fair and unbiased in its findings, and its members enjoy the entire confidence and respect of the people of the country.

The interesting story of the Supreme Court is told in one of the series on Our Government being mailed monthly to the people of this community. It is an interesting, brief history of the court and its relation to the other branches of the government.

STRIKERS VALUE PUBLIC OPINION

THEY SEE IMPORTANCE OF SUPPORT FROM PUBLIC

EXECUTIVES VALUE IT

Both Sides Desire That Public Gets the Facts Straight on Developments

New York, Aug. 16. — Perhaps no other incident in recent history, the the conduct of politicians not excepted, has served to illustrate more vividly the recognized importance of public opinion than the railroad strike.

In the Eastern districts, at least, the desire of both railway executives and strikers to see that the public gets the facts straight has been far more evident than any mutual concern over the private exchange of information.

Nor has been the disposition to keep the public informed through the frequent publication of statements, telegrams and ultimatums the only indication of the zeal of both sides that their position shall not be weakened either by errors of omission or commission. Each camp has been quick to seize upon any alleged discrepancies in the pronouncements of the other.

Employs Statisticians.

The headquarters of the striking trainmen has retained a bureau composed of highly trained, professional statisticians, whose duty it has been to collect authoritative data tending to show that the suspension of work in the shops has had material effect on the operating schedules of the roads. Through this bureau detailed daily statements regarding the movement of trains, the percentage of effectiveness of the walkout and the condition of equipment have been furnished the daily press.

On the other side the railway executive have maintained an information bureau whose duty it has been to show that train service has not been impaired, that new employes daily are being taken on in the shops and that the railroads are getting along very nicely, thank you, without the assistance of their erstwhile employes, now on strike.

Reports at Variance.

Obviously, the reports of the rival camps were expected to be at wide variance, and there was no failure of either side to live up to expectations fully.

The ammunition of both has consisted largely of repudiations and denials, each of the other.

The much-wooed public, as a natural consequence, has been obliged to employ its discriminatory faculties to an unusual degree in order to prevent itself from being mentally yanked hither and yon in an effort to pursue a happy middle path in forming its opinions.

Following is an excerpt from a recent statement issued by an official of the Central Strike Committee, commenting presumably on the statement of the same day by an official of the Association of Railway Executives declaring that car shortages are less in evidence now than they were on the first day of three consecutive months prior to calling of the strike:

Statement of Strikers.

"The brazen attempt of the railway executives to mislead the public about the gravity of the bad order car situation will be a death blow to their propoganda. From now on the public will suspect the so-called statistics which emanate from railroad offices. There is a highly organized and lavishly financed publicity campaign now being waged by the executives to convince the public that the strike is ineffective. Those who are in charge of this campaign will stop at nothing to gain their ends. This is a fair example of what is going on. Most of the statements made by the executives in the past ten days are gross exaggeration or wilful misrepresentation. The railroads cannot win the fight by faking the figures.

And thus it goes—from both sides—ad infinitum!

TEXT OF THE PEACE PACT.

Provisions are Made for Drawing Up of New Wage Scale.

Cleveland, O., Aug. 16.—The text of the coal agreement is as follows:

"All mines of operators represented in this joint conference which are now on strike are to be opened immediately upon the execution of supplementary contracts extending to March 31, 1923, the terms, provisions and conditions of the contracts affecting such mines as respectively existed March 31, 1922, except as to renewal or continuation clauses in such contracts.

"The participants agree to send and this conference invites the bituminous coal operators of the United States to send representative delegates from coal producing districts, or from substantial groups, of operators, which delegates shall be as far as possible representatives of the bituminous coal industry of the United States, such delegates to assemble in joint conference in Cleveland, October 2, 1922.

"The joint conference shall appoint a committee of equal numbers of representative operators and miners, which committee will formulate a method to be followed by the bituminous coal industry in the negotiation of wage scale agreement to become effective April 1, 1923, and the method so formulated shall by the committee be reported to the joint conference to be held January 3, 1923, as hereinafter provided.

"The joint conference, convening October 2, shall further select a committee of inquiry, the duty of which shall be to develop promptly all of the pertinent facts in regard to the industry for the benefit alike of the public, the operators, and the mine workers.

"Such committee, after developing all the facts shall make such recommendations as it may deem proper and advisable and shall so far as possible embody these recommendations in a report to be submitted to the joint conference to be convened January 3, 1923, as hereinafter provided.

The following principal points are presented for consideration by the committee of inquiry:

"(a) The wage rate in any district shall as far as reasonable be properly competitive within the mining industry and shall at the same time be fully compensatory to the miners, being sufficient to afford not only a living wage, but also to allow reasonable opportunity for accumulating savings.

"(b) The encouragement of a proper spirit of obligation and responsibility on the part of all parties towards contracual obligations and the establishment of proper machinery, both local and national, for prompt determination and the settlement of any points of dispute in any local, state, or district contract without resorting to strike or lockout.

"(c) The determination of a proper policy to encourage efficiency of operation, not only on the part of mine management in the mechanical operation of the mines but also on the part of individual miners in the performance of their daily work.

"4. The participants of this conference agree to send, and this convention invited the bituminous coal operators of the United States, to send representative delegates from coal producing districts to meet in joint conference January 3, 1923. This joint conference shall receive the report of the committee appointed in conformity with paragraph two and shall finally determine the method to be followed by the participants in the conference in the negotiation of wage scale agreements to become effective April 1, 1923.

"To the end that new wage scale agreements to be effective April 1, 1923, shall be determined upon as speedily as practicable and further strikes be thereby averted, the method of negotiating wage scale agreements which shall be determined upon by said joint conference shall prove that such machinery as is created by it to develop a new wage scale agreement shall commence to function not later than January 8, 1923. The wage scale agreement concluded by such machinery shall be effective April 1, 1923, and shall be in effect during such time as it may determine."

Mrs. M. A. Peery and daughter, Miss Alice Peery, will go to St. Joseph tomorrow morning to spend the day as guests of Miss Dixie Miller.

L. C. Eckles of Maryville is spending the week at his farm near Graham.

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U. S. Passenger Car Tires went into effect—Royal Cords included.

These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.

SIZES	Royal Cord	FABRIC Nobby	Chain	Usco	Plain
30 x 3 Cl	——	$12.55	$11.40	09.75	$8.25

ANTI-REEDS IN CONTROL OF PARTY ORGANIZATION

State Leaders See Move to "Make Senator Come Back to Party"—Platform Big Question.

Jefferson City, Aug. 16.—Reports from many of the congressional districts in the state last night indicated Senator Reed is to have no roses strewn in his re-election path by the new state committee. State leaders foresaw a movement to "make Reed come back to the party."

The election of the new state committee yesterday by the congressional committee was viewed by organization men here as an overwhelming victory for the Wilson, or anti-Reed forces. They predicted the Wilson Democrats—they used to call them anti-Reed Democrats — would continue to control the state organization by a safe majority.

The delegates to the state convention will be the Democratic candidates for the legislature, state offices, congress and the members of the new committee. The new state committee will elect its chairman and other officers immediately preceding the opening of the convention. There will be 222 delegates, divided as follows:

Candidates for state representative, 152; candidates for state senator, 17; candidates for supreme court, 3; candidate for superintendent of schools, 1; candidates for representatives in congress, 16; candidate for United States senator, 1; Members of state committee, 32.

The big fight, of course, will not come until the state platform convention, but the country candidates and committee members—almost solidly pro-Wilson—are warming up for a fight to "make it a Democratic platform." If it is "a Democratic platform" such as they suggest, it will be reaffirmation of the policies of Woodrow Wilson, the League of Nations and all that Reed has so viciously assailed the last three years. Whether Reed would repudiate such a platform is not known, but those who know him do not believe he would stand on it, for to do so would be a complete surrender of his 3-year fight, a confession of guilt, and an apology to Woodrow Wilson and all his other enemies.

BAPTIST S. S. CLASSES PICNIC LAST NIGHT

About Seventy-five Members Enjoy Feed and Games—Sampson and Lowry Horseshoe Champs.

About seventy-five members of the Men's Bible Class and the Women's Friendship Class of the First Baptist Church enjoyed a picnic last night at the home of Richard New, southwest of Maryville. A bountiful picnic supper of fried chicken, watermelon, ice cream and cake was served and various games were enjoyed by the picnickers. There seems to be a little contention about the horse shoe championship, but J. R. Lowry and F. B. Sampson appears to be the victors.

Talks were made by J. R. Lowry, F. B. Sampson, Mrs. W. F. Briggs and Mrs. Eugene Ogden, C. D. Allen, president of the class presided and in his talk gave the following toast:

So here's to Mr .and Mrs. New
Our host and hostess, friends so true,
Your hospitality given beyond measure,
We share this evening with greatest pleasure.

And ours honored guests, the friendship bunch,
We welcome your presence and your share of the lunch.
Your name rings true to the golden rule,
You've the second best class in Sunday school.

And to Mr. Lowry, who superintends,
And the other guests, our honored friends,
We trust you are having a splendid home,
And now we must stop, we have run out of rhyme.

Eleven Perish in Fire.

Montreal, Aug. 16.—Eleven persons are believed to have perished in a fire which destroyed the Jewish boys' orphanage near Shawbridge near here last night. The raging fire threatens to destroy the entire village.

Miss Sterrill Bishop left this morning for a visit in St. Joseph.

FARMERS STATE BANK AT BRADDYVILLE NOW OPEN.

The Farmers Savings Bank of Braddyville which has been in the receivers hands, Calvin Burch, receiver, for the last few years, is now doing business under the board of directors of that institution, their petition to re-open the bank having been granted by the district court of Iowa. The directors of the bank are L. R. McClarnon, E. P. Hardee, F. O. Wilson, O. B. Holton, W. M. Blackford, Knox Alexander, A. M. Sherman, E. A. Andrews, Lee G. Martin, A. D. Fine and Irwin Wilson.

Miss Betty Turner, executive secretary of the Nodaway County Chapter of the American Red Cross, transacted official business in Arkoe yesterday afternoon.

Snappy Fall Styles

We are receiving new fall goods in ready-to-wear, dry goods and shoes almost daily and will be very glad to have you call and see them. They are straight from the New York style authorities and you will find them pleasing in style, quality and price.

We especially wish to call your attention to several new models in fall dresses that are now here. These are beautiful garments and we feel sure you will appreciate them.

We are offering some very special bargains in our final clean-up of summer dresses and waists. There is still several weeks of warm weather with many things such as fairs and picnics that require the pretty cool things, and you will find them priced very low for such seasonable garments.

MANY CHANGES ARE PROPOSED

ELIMINATE CRIMINAL, PROBATE AND COUNTY COURTS.

ADD TO SUPREME COURT

Would Relieve Congestion on Court Docket by Creating One New Division and Two Judges.

The Committee on Judiciary of the State Constitutional Convention recommended in its report, recently submitted, that the judicial power of the state be vested in a Supreme Court, three Courts of Appeals, Circuit Courts and County Courts, and authorized the creation by the General Assembly of Justice of the Peace Courts and Municipal Corporation Courts.

This revision eliminates Probate Courts, Criminal Courts and County Courts as now existing and makes Justice of the Peace Courts and Municipal Corporation Courts creatures of statute rather than of the Constitution.

The revision submitted provides for a Supreme Court of nine members instead of seven, with three divisions instead of two; the two additional members of the Supreme Court, to be selected from different political parties by the court, to serve until the first day of January next succeeding the first general election after the adoption of the Constitution.

Thorough investigation has convinced this committee that the addition of two members of the Supreme Court and the creation of one other division will enable that court to dispatch fully as much business as is now done by seven judges and six commissioners, and that a court thus constituted will be able to transact all the business that will come to it unless the business of the court materially increases.

The Courts of Appeals remain as they now are, except that three additional judges are added to the St. Louis Court of Appeals and a new division is created. These three judges are to be appointed by the court to be chosen from different political parties and serve until the first day of January next succeeding the first general election after the adoption of the Constitution.

Commissioners May Be Abolished.

From the experience of that court, as has been ascertained by the committee, it has been wholly unable, operating with three judges and three commissioners in one division, to keep up with the business that came to it and the court is now something like one thousand cases behind with its work. It is believed that by adding three judges in lieu of the three commissioners and creating an extra division, this court will be able without the assistance of commissioners to dispatch all the business that comes to it under present conditions.

The terms of the judges of the Courts of Appeals are reduced from twelve to eight years.

Upon the recommendation of the Supreme Court or a Court of Appeals, showing the necessity for increasing the number of judges of division of said courts, the General Assembly has the power for such increase.

The Circuit Court retains the same jurisdiction it now has except over misdemeanor cases and civil cases not in excess of one thousand dollars.

The number of circuits in the state has been reduced from thirty-eight to fifteen.

Probate Courts, County Courts and Criminal Courts as now existing are abolished. In lieu of the present County Court there is established a County Commission, consisting of three members, with jurisdiction to transact the county business and perform such other ministerial duties as may be provided by the General Assembly.

In lieu of the Probate Courts and Criminal Courts there is established a County Court in each county and in the city of St. Louis. This court has exclusive original jurisdiction of all probate matters, juvenile matters (except in cities of 300,000 population, in which cities the Circuit Court has juvenile districts), misdemeanor cases, preliminary examinations in felony cases, forcible entry and detainer and unlawful detainer cases and in civil suits where the amount involved does not exceed one thousand dollars. It has jurisdiction concurrent with the Circuit Court in civil cases in excess of one thousand dollars and not in excess of two thousand dollars and in suits involving title to real estate without regard to the amount involved.

The jurisdiction of this court in suits involving title to real estate is limited in its nature; that is to say, in any such suit a defendant has the right upon mere application to have such a case transferred to the Circuit Court.

This court also has jurisdiction to issue, hear and determine original remedial suits without regard to the amount involved.

High Standard of Qualifications.

The judges of the County Court are to possess the same qualifications as the judges of the other courts of record and serve for a term of four years, in order to put this change into operation without doing the injustice to judges of the various courts already elected, of putting them out of office and without materially increasing the cost of the courts to the people, it is provided that the judges of all the present courts shall hold office for the term for which they were elected; that the judges of the County Courts shall be elected in 1926 to assume the duties of their office on January 1, 1927; that in the circuits which shall be created under the provision of this Constitution wherein more than one circuit judge resides, such judges shall become ex-officio judges of the county courts of their respective counties and shall also discharge the duties of circuit judge in their circuits to the end of the terms for which they were elected, at which time the circuit judges for the new circuits and county judges for the counties served by the circuit judges as ex-officio County Court judges will be elected.

By this method all judges in office at the time of the adoption of this Constitution will be permitted to serve their full terms and the change in the courts, though somewhat delayed will be made without increased cost to the people. It is the opinion of the committee that the adoption of the plan recommended in this report will result in a material reduction in the cost of administering the courts of this state.

The committee is convinced of the absolute necessity for a competent court to hear and determine such matters as are given into the jurisdiction of this court without delay, and it is believed that the amount and importance of the business given into the hands of this court will result in making it a competent court. By providing a court of this kind, which will be open to litigants at all times and which will hold regular sessions at least once a month, it is believed it will prove a very popular and useful court.

The amount of business heretofore transacted by the Circuit Court, which by this revision is given into the hands of the County Courts, it is believed, warrants the reduction in the number of circuits in the state from thirty-eight to fifteen.

May Create Judicial Council.

Another change made in the judicial code is the creation of a judicial Council which is to be composed of thirteen members, five to be selected from the Supreme Court by that court, three to be the presiding judges of the three Courts of Appeals, three to be Circuit Judges to be selected by the Circuit Judges of the state, and two to be County Judges selected by the County Judges of the state.

This Council shall meet at least once a year (and oftener as may be required) at the seat of government. It has the power and it is made its duty to make and promulgate by vote of a majority of its members all the rules of practice and procedure pertaining to courts of record. It also has the power when the business of the court requires it to provide by rule or order for the transfer of cases from one Court of Appeals to another and from one nisi prius court to another of concurrent jurisdiction.

It is believed that the vesting of such power in a Judicial Council to be composed of judges of the courts is only an affirmation of the inherent power already possessed by the judiciary to regulate its own procedure, and that by expressingly vesting in this Council this power the rules of practice can and will be made more flexible and conducive to the speedy dispatch of the courts' business than under existing conditions.

The authority given this Council to transfer cases from one Court of Appeals to another and from one nisi prius court to another of concurrent jurisdiction will result, the committee thinks, in an equalization of the work of the courts and will prevent accumulation and stagnation of business in some courts while other courts are idle and unemployed. The committee regards this change as a most important one, which, it is believed, will meet the public demand for a more simplified and expeditious administration of justice.

The Judiciary Committee is composed of J. A. Collet; Mrs. M. E. Morrow; Romulus E. Culver; G. L. Zwick; Guy B. Park; Robert A. Pearson; A. H. Harrison; N. P. Zimmer; L. M. Henson; Solon T. Gilmore; Robert Lemar; A. T. Dumm, and Walter A. Higbee.

GOOD CONCERT RECEIVED BY RADIO LAST NIGHT

Local Company Gets Popular Songs and Music From Many Different Stations.

Wm. Worland and a few of his friends spent an enjoyable evening yesterday at the Radio Supply Co. listening in on the several radio concerts from over the country and especially the first concert given by the new radio of the Sweeney Auto School at Kansas City.

Mr. Worland said that the concert by the Sweeney School was exceptionally good and that they got some enjoyable pieces from Atlanta, Ga. The Atlanta station announced that they had recently received messages from Maine, Colorado and Montana, stating that their concerts had been received at those points and that during their period of broadcasting they had sent concerts to forty states in the Union.

The concert which they gave last night included the song, "Sweetest Story Ever Told," which had been requested by telegram. Other selections which were broadcasted from Atlanta were "When You and I Were Young Maggie," and "Silver Threads Among the Gold." Mr. Worland said that the modulation from the Atlanta station was the best that has been received by the local station.

Other stations which were heard from last night were: W. A. A. P. Wichita Eagle, W. H. A. F., Maryville, Ky., W. S. B., Atlanta, Ga., W. O. B., Davenport, Ia., and W. H. B., Sweeney Auto School, Kansas City.
